Dear Mr. MacLeod

### **Storr Woodland Forest Plan HIG-163733-4352377**

The MCoS welcomes the forest plan for its efforts to minimise disruption to access, landscape and biodiversity. Our outstanding concern is regarding the long-term impacts of the Forest Roads that will be used for felling machinery access. We acknowledge the intention to “convert” them to extend the access network after felling has been completed. No details are offered in the Plan. The MCoS suggests that it would be beneficial for the actions to achieve this be outlined in writing prior to acceptance of the Plan.

Please do not hesitate to contact me to discuss these issues further.

Yours sincerely

Hebe Carus (Ms)  
Access & Conservation Officer
